WHO WE HELP

We work with **refugees, asylum seekers, survivors of torture, survivors of trafficking, stateless people, and other migrants in vulnerable situations** in Hong Kong SAR.

WHO WE ARE

Justice Centre Hong Kong is a local non-political, non-profit organisation that has been delivering **legal and psychosocial services** to refugees, asylum seekers and other displaced people in the Hong Kong SAR for over 15 years.

VISION

We envision an **inclusive** Hong Kong where all displaced people live with **legal rights & dignity**.

MISSION

Our mission is to make sure **no one walks alone** on the path to protection, justice & a decent life.

WHAT WE DO

We offer free legal and social services to displaced people as they navigate their claim for protection and related legal proceedings. This means they can achieve better legal outcomes and their well-being is enhanced. Our work helps people who have experienced trauma find safety, well-being and a better life.

Our internationally-qualified in-house lawyers have many years of experience working in this field. We have delivered high quality, accredited training to thousands of professional lawyers in some of the most prestigious law firms in Hong Kong.

We have adapted our knowledge and training materials to deliver insightful experiential learning activities to passionate high-school students. We aim to inspire the next generation to make a positive difference. In addition to covering costs, all programme fees go towards resourcing our essential services.
